Dear Golden Door Guests,

The safety of our guests and staff is our main priority. With the ongoing increase of COVID-19 cases worldwide, The Golden Door is taking necessary precautions as advised by the Centers for Disease Control (CDC).

We are following public health recommendations from the San Diego Health and Human Services Agency and are monitoring the situation closely. Based on the guidance of this agency our focus is to control the spread of germs. In an effort to keep everyone healthy and safe, we are adhering to the following and advising guests and staff of the same:

- Wash your hands often with soap and water for at least 20 seconds and use an alcohol-based sanitizer (60%) plus when soap is not available.
- Avoid touching your eyes, nose and mouth and avoid close contact with people who are sick.
- If you are sick, stay home and keep your distance from others to protect them from getting sick too.
- Cover your mouth and nose with a tissue when coughing or sneezing then wash your hands
- Practice other good health habits. Get plenty of sleep, be physically active, manage your stress, drink plenty of fluids and eat nutritious food.

We will continue to make informed decisions to ensure the safety of our guests and staff.

Kathy Van Ness
COO/GM
Golden Door
